

Developing the Capacity of EERA's Emerging Researchers

DR SANEYYA QURESHI

Ukrainian Educational Research Association Summer Conference

Implementing European Standards Into Ukrainian Educational Research

26th June 2020

@SaneeyaQ

IMPLEMENTING EUROPEAN STANDARDS INTO UKRAINIAN EDUCATIONAL RESEARCH

- Emerging researchers must develop abilities to navigate and overcome barriers, and to identify and benefit from possibilities (Pannell *et al.*, 2019)
- Partner emerging researchers with experienced academics (Keller *et al.*, 2014)
- Include early career representatives in network and Association's planning committees. Benefits include:
 - Increased publications
 - Exposure to new methodologies & theoretical frameworks
 - Productive collaborative partnerships
 - Better confidence (Fenton *et al.*, 2016)

WHO WE ARE

**Saneeya
Qureshi**
*Link
Convenor*

**Satu Perälä-
Littunen**
Senior Mentor

Co-Convenors

EMERGING RESEARCHERS' GROUP AIMS TO:

provide a European **research community** for Emerging Researchers (ERs)

provide a forum for the **distribution of early career research** at the ERC

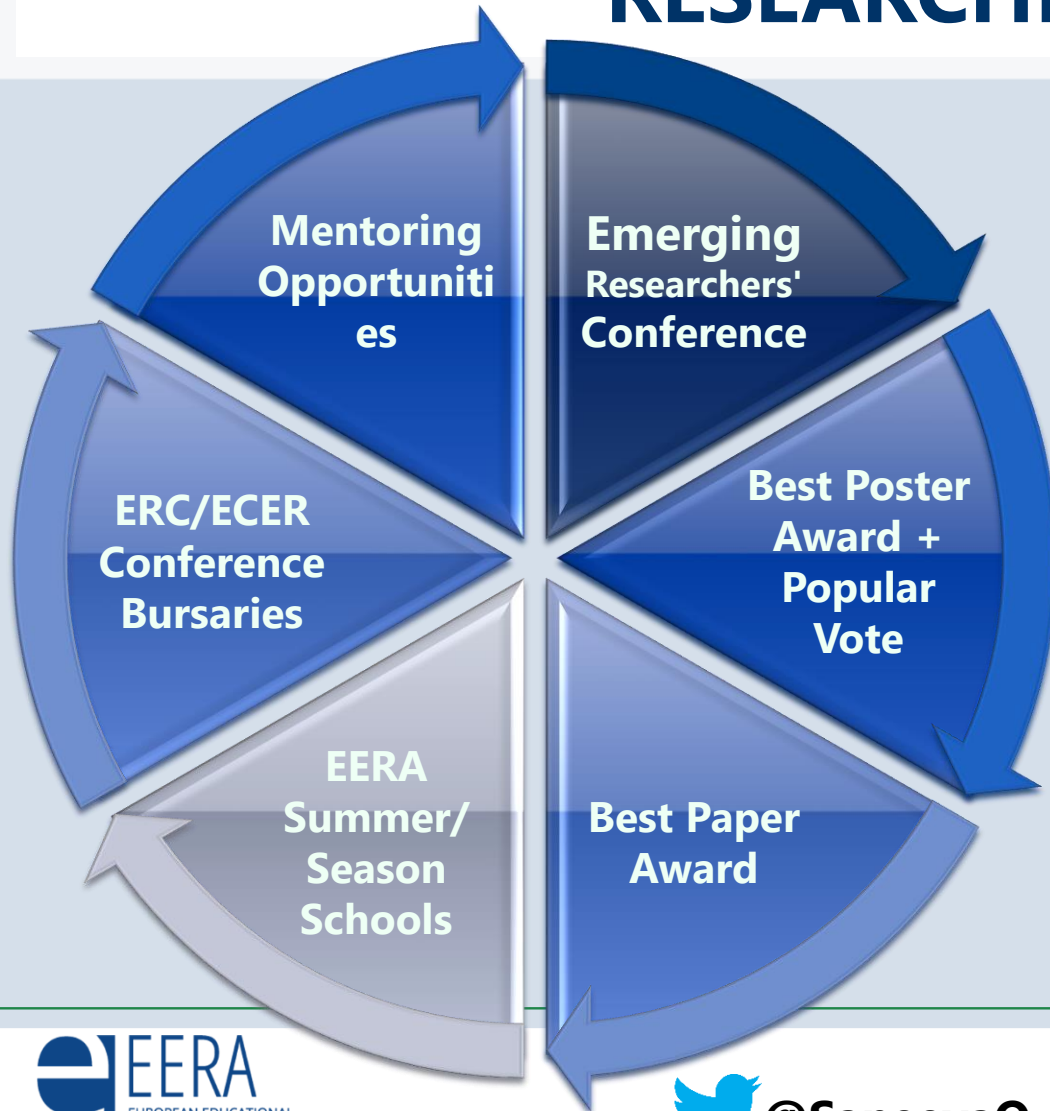

offer ERs support and guidance for article production via the '**Best Paper Award**'

offer support for ERs from low GDP countries to engage with ECER via **bursaries**

EERA ACTIVITIES FOR EMERGING RESEARCHERS

SUMMER SCHOOL 2021

"BEYOND THE BASICS IN EDUCATIONAL RESEARCH
METHODOLOGY: RESEARCH ETHICS IN EDUCATIONAL RESEARCH".

**Registration/Payment for applicants
accepted to the postponed EERSS
2020**

30 November 2020

(New) Applications to EERSS 2021

1 - 31 January 2021

**Information on acceptance (new
applicants)**

1 March 2021

**Registration/Payment (new
applicants)**

1 March - 15 April 2021

Summer School

14 - 18 June 2021
